

TERMS OF USE OF MARINE-ID USER SERVICES FOR IFREMER AND PARTNERS WEB SITES

You want to access the data, text and / or graphics, presentations and arrangement on one of the web sites listed here:

<http://www.marine-id.org/>

Web sites from partners and online data are hosted on servers located in several countries of the European Union. The management of these servers is coordinated by partner sites.

Ifremer has been mandated by its partners who own web sites to establish a common user registration service:

<http://www.marine-id.org/>

For all operations (navigation, data retrieval, download ...) that you perform on partner sites, you (also referred to as the “user”) agree to accept the «Terms of use of data» and you agree to comply with these terms.

Disclaimer

Ifremer and its hosting partner’s web sites cannot be held responsible for damages resulting from an impossibility of use of data, lack of access on data and information on the servers.

Ifremer and its hosting partner’s web sites will under no circumstances be held liable for damages resulting from the accuracy, interpretation and / or use of the information and data available on this server, as well as their updates.

Ifremer cannot be held liable for damages resulting from the content of the websites of its partners.

Rights on content

All rights are reserved on data, text, graphics, presentation and arrangement on this website and the mentioned sites, video and audio productions and in general all documents contained in this web site. They are intellectual works or parts of databases and are protected as such under the laws of countries around the world and international treaties.

Usage Rules

Access to content and data from each partner’s site is subject to acceptance by the user of the specific user license for each partner site.

Unless otherwise specified, a right is granted to the user for private, individual, personal, non-transferable use on the content of the sites or any of their elements.

Unless otherwise expressly set forth in the partner's sites is prohibited any representation and / or reproduction, even partial, of the contents of these sites and / or one of its components including the repeated and systematic extraction of elements not even protected site causing injury to the Ifremer and / or its partners.

Ifremer and / or its partners:

- Reserves the right to modify these terms at any time ,
- Reserves the right to modify or correct the contents of this site at any time without notice.
- Any rights not expressly granted hereunder or specific licenses for each partner's sites are reserved.

Use of user data

1 - Personal Data

The information collected by Ifremer during the registration service are subject to a treatment designed to provide the best service to users and will provide access to personalized features of Ifremer systems and partners systems.

The information are collected:

- To make statistics on the use of data and anonymized reports will be produced on these uses in their context (Ifremer or European projects).
- To make individualized user support.

Personal data can be stored and transferred to other Member States of the European Union and associated countries in which are located the Ifremer partners to enable them to use these data in accordance with these rules.

IFREMER does not communicate and does not sell the personal data to third parties other than the aforementioned partners.

According to the "Informatique et Libertés" law of January 6th 1978, you have a right to access and rectify information concerning you that you can exercise by sending a request to: sismer@ifremer.fr .

2 - Navigation data

Use of Cookies

Setting a cookie: a cookie is information stored in our application on your computer that we can read during your subsequent visits.

Note: A cookie does not identify a user. In general, it contains information relating to the navigation of your computer on a site.

Ifremer uses on its website and its applications cookies to facilitate navigation of the user between the partner sites.

The refusal to allow cookies on our site prevents any operation of these services

Opposition to the registration of cookies

It possible to oppose the registration of "cookies" using a configuration option of their
